SOFT GOODS

AIRCAST

Air-Stirrup Ankle Brace

The Aircast Air-Stirrup ankle Brace made functional management of ankle sprains practical. It is one of the most widely used ankle braces in orthopedics. More than 35 published studies document its efficacy and versatility with ankle sprains, stable fractures, and chronic ankle instability. Patented Duplex air cells that are proven to reduce swelling in a sprained ankle, resulting in an earlier return to work/sport than other treatments

- AIR02DL Sport-Stirrup (Left)
- AIR02DR Sport-Stirrup (Right)

Pneumatic Armband

The Aircast Pneumatic Armband uses an aircell to focus pressure on the extensor muscle, not around the arm. This concentration of pressure means that more compression is applied where it is needed, while the uninvolved muscles and blood flow are constricted less. The Armband's permanently sealed aircell conforms to the tapered contour of the arm to comfortably cushion the sensitive injured muscle

- AIR05A Armband

DeRoyal

Arm Sling

Conditions strained arm, shoulder, or broken arm

in cast Canvas material for support and durability. Hook and loop closure for easy application. Thumb loop controls wrist drop while foam shoulder pad provides additional patient comfort

DALE

Dale Abdominal Binder

Latex Free. Dale continues the tradition of providing enhancements and improvements by introducing its "Fifth Generation" binder. The new pre-paneled stretch material incorporates an

innovative joining stitch that prevents skin from migrating through and between the panels, which may result in skin tears, burns or even scarring. This “gap-free” stitch ensures that the patient will enjoy a complication free recovery. The Velcro closure can be secured at any point along its circumference, for better patient fit

3M Scotchcast Custom Length Splint

The 3M Scotchcast Custom Length Splinting system makes it easy for professionals to create strong, lightweight, fiberglass splints to meet their patients treatment needs the Scotchcast custom length splinting system consists of a continuous-length fiberglass splint, packaged in a unique, self-sealing dispenser that minimizes waste and enhances productivity and performance

3M Scotchcast Custom Length Splint, 1 per box

MMM76002 2in x 15ft
MMM76003 3in x 15ft
MMM76004 4in x 15ft

3M Scotchcast Conformable Splints

Covered on one side by an air and moisture permeable non-woven fabric and on the other side by polypropylene

felt, which serves as padding the felt is hypoallergenic, water repellent, and absorbs 60% less water than other splints; which means less water against patient's skin the conformable splint comes pre-cut and is available in a variety of prefabricated, individually pouched sizes this low-profile pre-padded splint is priced comparably to fiberglass roll splints and is more portable and faster to apply

MMM72210 2"x10"
MMM72312 3"x12"
MMM72415 4"x15"
MMM72430 4"x30"

3M Scotchcast One-Step Splint

Covered on one side by an air and moisture permeable non-woven fabric and on the other side by fast drying air and moisture permeable open cell foam, which serves as padding this pre-cut splint is available in a variety of prefabricated, individually-pouched sizes because one-step splints are pre-cut and individually pouched,

they are more portable and faster to apply than roll splints exposure of the splints to moisture or water initiates a chemical reaction that causes the splints to become rigid

- MMM76312 3"x12"
- MMM76415 4"x15"
- MMM76430 4"x30"
- MMM76530 5"x30"

3M Scotchcast Cast Cream

For use with 3M Scotchcast 2 casting Tape, this white silicone cast cream is applied to gloves to remove the tacky feel of the tape when smoothing and molding the cast

MMM70625 Cast Cream, 5.0-Ounce Jar

3M Reinforcing Strips

A reinforcing strip designed to aid in creating strong and durable fiberglass casts, particularly those likely to be exposed to

significant challenges of breakdown or stress

MMM70943 Reinforcing Strips, 4"x36"

3M Synthetic Stockinet

100% knitted polyester stockinet for patient comfort, wrinkle-free conformability and reduced water retention

Carapace casting Materials

Many choices in material, texture, feel, moldability and setting characteristics

CaraGlas Synthetic (Natural) Cast Tape

- CRPC5024 2" x 4yds
- CRPC5034 3" x 4yds
- CRPC5044 4" x 4yds

Carapace Synthetic cast Padding

- 12 rolls/bg, 6bg/cs
- CRPC290300 3" x 4yds
- CRPC290400 4" x 4yds

Carapace Synthetic Tubular Stockinette

- 12/cs
- CRPC250225 2" x 25yds
- CRPC250325 3" x 25yds

Kimberly-Clark Corporation

Stockinette

Tubular Cotton/poly Blend, 50/50

- KC59964 3" x 25yds, 8rl/cs

Johnson Johnson Medical

BAND-AID Brand Moleskin Adhesive

BAND-AID Brand Moleskin Adhesive is soft and thick to promote patient comfort it can cut to any size or shape before removing plastic from adhesive

- JJ5147 9" x 4yds 1/tube, 12tubes/cs

M-Pact

American Orthopaedic Cast Cutter

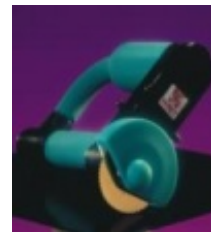

A specialized tool designed for five or more cast removals per day heavy duty can be used in both fabrication setting or for clinical use the increased power allows this cutter to run cooler for a longer time special lubrication gives longer service and greater comfort during use switch is designed and placed so that it will not break if dropped

- MAR0295-200
Cast Cutter

Cast Cutter

Rugged construction reduces down-time pin drive provides four blade rotations lock blade unit prevents extra wear on motor or shaft due to a loose blade lighter duty model for five or fewer removals a day

- MAR4180-106
Cast Cutter

TurboCare Cast Saw

Designed to reduce noise to a minimum results in less emotional trauma for patients and less hearing trauma for the clinician the innovative motor plus

saw design delivers high power in a smaller, lighter package in addition, the unique design enhances the saw's balance and ergonomics for more user comfort plus automated multi-speed controls with "turbo-mode" for increased power

Office Model Cast Spreader

Made from hardened, polished stainless steel to resist corrosion and abrasive handling designed with spring-loaded handle and integral blade depth stop feature for one hand operation 9" long weighs one-pound Made in USA

MAR125

Cast Spreader

Cast Cutter Blades
Replacement blades with "Universal hub" to fit most cast cutters

MAR4183-110
Stainless Steel, 2" dia
MAR4183-116
Teflon Coated, 2-1/2" dia
MAR0295-226
Dicronite Coated, 2-1/2" dia
MAR0295-222
Titanium Nitride Coated, 2-1/2" dia

American Orthopaedic cast Dust Vacuum

Includes remote on/off switch to use the vacuum alone or with the saw quiet operation eases patient fears picks up fine particles disposable filter creates safer environment for removal of filter by containerization of dust lightweight and mobile

MAR0295-400
Vacuum

TurboCare Cast Dust Vacuum

Advanced engineering cuts noise contains a unique lift-out disposable waste canister, which keeps the system running at peak efficiency instead of clogging easy to use

Kendall

WEBRIL 100% Cotton Undercast Padding

Constructed of 100% purified cotton fibers for soft and natural cushioning ideal for use with synthetic and plaster casting material retains consistency wet and dry conforms to all body contours combination of mild stretch and cohesiveness, holds

padding in place without shifting or bunching

Non-Sterile

KEN1418

2" x 4yds, 72 rolls/cs

KEN3175

4" x 4yds, 72 rolls/cs

KEN3489

6" x 4yds, 36 rolls/cs

KEN2059

3" x 4yds, 72 rolls/cs

WEBRIL II 100% Cotton Undercast Padding

Crimped finish for extra loft and conformability has the same high quality features as standard Webril, but is crimped finished for extra loft and conformability

Nonsterile, Bulk

KEN4095

2" x 4yds, 72 rolls/cs

KEN4152

3" x 4yds, 72 rolls/cs

KEN4221

4" x 4yds, 72 rolls/cs

KEN4519

6" x 4yds, 36rolls/cs

TUFFOARE

Standard Adult Wheelchair

Standard blue fixed full length arms, swing away footrest, 24" Molded Wheel with solid rubber tires 8" Molded front casters with solid rubber tips, 10-1/2" Wide when folded

Medical Products

Una-Body Aluminum Crutches

Anodized aluminum crutches with the patented Una-Body construction for greater strength and torsional rigidity double push-button adjustment with permanently attached springs for increased dependability come completely assembled

CYP70-02 Youth, 4'6" to 5'2"

CYP70-05 Adult, 5'2" to 5'10"

CYP70-07 Tall Adult, 5'10" to 6'6"

Calley & Currier Co, Inc

Ready-For-Use Crutches

Calley and Currier's innovative research in the fields of Ergonomics and Anthropometry has led to the development of the Ready-For-Use crutch, no adjustment is required for most patients because the crutch comes preadjusted for patients of average build and height within the specified size ranges pre-assembled crutch includes easy-to-use, accurate crutch sizing chart

CC2836-1968 Child, 3'-4 1/2' - 4' - 2 3/4"

CC3643-1968 Youth, 4' - 2 3/4" - 4' - 10 1/4"

CC4250-1968 Medium, 4' - 10 1/4" - 5' - 8"

CC4860-1968 Adult, 5' - 5 1/2" - 6' - 7 3/4"

CC5466-1968 X-Long 6'2" - 7' - 3 3/4"

LAMICO, Inc

Wooden Crutches

This is a totally new crutch design, which turns contact zones of common complaint into "comfort zones" the dramatic differences and unique features mean practical, long term benefits for anyone who buys, fits, or requires crutches the wider crutch body form fitting underarm support, and patented tip serve to enhance the long proven laminated Lamico construction pads, tips and grips are installed on crutch, ready for adjustment accessories do not contain latex

LMC4252CA

Medium, 42" to 52"

LMC4860CA

Adult, 48" to 60"

LMC5064CA

Extra Large, 50" to 64"

Sunrise Medical

Red Dot Crutch

The Red Dot crutch uses a patented clip-lock adjustable handle and push-button adjusted footpiece for fast, precise

measuring and fitting in 10 seconds

SUN90-214

Tall, 5'10" – 6'6"

SUN91-214

Adult, 5'1" – 5'9"

SUN92-214

Youth, 4'6" – 5'2"
